Fishing and Crabbing Seminar Line-Up Announced for 2015 Seattle Boat Show

***Learn how to, when to and where to go fishing, crabbing and shrimping
from some of the best in the Northwest.***

SEATTLE – The Seattle Boat Show, Indoors + Afloat, is known far and wide for the quantity, quality and variety of its free seminars. For the 2015 show there will be 35 new free seminars, bringing the total to 235 and prompting the addition of a fourth stage on weekends. On the fishing stage there will be 57 free fishing seminars with the best experts in their field of fishing and crabbing. There is no better way for an angler to improve his or her success on the water than investing in an hour or two to learn from the best. And it's all free. So whether it's learning to mooch, learning about tuna fishing off Washington's coast, shrimp fishing in Puget Sound or ocean salmon techniques, the Seattle Boat Show is the place to be, Jan. 23 through Feb. 1, 2015.

"Every year we work hard to make sure that the presenters are the best of the best and this year is no exception— we have an all-star line-up." says Tony Floor, director of fishing affairs for the Northwest Marine Trade Association. "Come to the show to make your fishing plans for 2015: to learn how to, when to and where to go fishing from some of the best in the northwest.

Mark Gavin joins this year's premier fishing team offering seminars on how to catch trout, perch, bass, and salmon in Lake Washington and Lake Sammamish. As in recent years, Clyde McBrayer will share with attendees everything they need to know to be more successful in capturing Puget Sound Dungeness crab along with Tom Nelson's presentation on shrimping. For the tuna fishermen, Tommy Donlin's presentation on albacore tuna fishing off the Washington coast is a must. And Gary Krein, along with Nick Kester, will share tips on salmon and lingcod fishing in Puget Sound. TJ Nelson host of the Outdoor Line on 710 AM ESPN radio will be offering first class seminars on how to fish the San Juan islands and Puget Sound.
